

Brewer F-239

Biodegradable | Non-Corrosive | Water-Soluble | Rust Inhibitor

FEATURES AND BENEFITS

- Helps neutralize pesticide residue in spray equipment.
- Water soluble for easy application and use.
- Biodegradable and safe for the environment.
- Non-corrosive solvent that will not harm sprayer parts.
- Helps prevent rust from building up in spray tanks, lines, and nozzles.
- No flash point - will not ignite spontaneously at any temperature.

DIRECTIONS FOR USE

- Brewer F-239 is a heavy concentrate that needs to be diluted before use as follows:
 - Extra heavy cleaning (non mechanical):
 - 15 to 50 % solution.
 - Hand spraying and wiping:
 - 6 to 20% solution.
 - Steam cleaning, pressure washing, and automatic cleaning and scrubbing:
 - 2 to 10 % solution, depending on the amount of soil and grime.

IMPORTANT POINTS

- **Brewer F-239**
 - *All-purpose concentrated cleaner* that is very economical and easy to use.
 - *Has a high pH* which helps make it a very effective cleaner and neutralizer.
 - *An excellent solvent and degreaser* that can be used to clean agricultural equipment, vehicles, machinery buildings plus warehouse and garage floors.
